## ARRIVAL OF THE CALIFORNIA PONY EXPRESS.

The Union Feeling in California—Union Meeting Held in all Parts of the State—News from the Sandwich Islands—Farmers' Island Forcibly Taken Possession of by the British—News from the Waiting Fleet, &c., &c., &c.

PORT KENNEDY, May 15, 1861.

The California pony express passed this point at ten o'clock this morning, bring the following despatch—

SAN FRANCISCO, May 8, 1861.

The all-engrossing topic in San Francisco continues to be the civil war. As each pony express arrives, and the news is received by telegraph, thousands of people congregate in two streets, all central localities, continuing for hours discussing the points.

The sentiment here is almost universal to sustain and encourage the administration in its present policy.

The Committee of Forty, representing different sections of the Union, have called a meeting, to be held at the corner of Montgomery and Market streets, at eleven o'clock, on the morning of the 11th inst. They invite the friends and all civil and military organizations to participate in the demonstration, and urge an entire suspension of business throughout the city.

Other meetings continue to be held in all parts of the State and the complete loyalty of California seems now beyond question.

The two State Central Committees, representing the two wings of the democracy, met at San Francisco yesterday, and entered into negotiations for reorganizing the parties and one another at a party.

The Douglas Committee, by a vote of forty to five, rejected all overtures, and will proceed to call a State convention of their own.

Gov. Donney did not as was anticipated, call out the militia to compel the return of Santa Clara to Abenion the law on which they reside, according to a decree of the court. On the 11th he sent a message to the Legislature, to the effect that he would not do so, but would add to his forces to the number when the cause should demand, that during a quarter of a time above named, between McCabe and Mrs. Larkins, in which both parties were throwing stones at each other, a stone thrown by McCabe struck deceased upon the head, fracturing his skull. No other evidence, except that of a physician, that McCabe was dead at the time of his removal, and that his place of death was taken, and the jury rendered a verdict to the above effect. McCabe ran away soon after the occurrence, and his whereabouts is not known. A warrant for his arrest was issued yesterday by the Coroner.

ANNIVERSARY OF MR. MISSION'S BIRTHDAY.—The believers in magnetic influences are at present engaged, with Dr. Chalain, of Paris, in making preparations for calculating with ease the date of birth of the Legislator, by examining the approximation of \$16,000 to pay the expense of cutting out a new form. This places the whole matter in his hands. The Legislature, for their discretion, and is it doubtful, considering the present condition of the Union, if any humane steps will be taken to ascertain the date.

The Senate has taken no action on the bill calling a special congressional election on the 11th of June, which was passed the 4th inst.

CENTRALIA.

There has been a good many demands for goods this week, and indeed a large quantity of supplies from the Pacific coast, and the arrival of the California gold coins again in this port was noticed yesterday at \$15 per ounce, causing much excitement in the market. This marked change arises from the expectation that further supplies cannot be received from North Carolina. However, it has been agreed to pay 10 per cent. interest on the bills of exchange, and advanced prices have been charged for gold and sheetings. Sigar has advanced about 50 per cent.
